

PRESS RELEASE

Stour Flood Defence Equipment Exhibition

Whilst the flooding of July 2007 is a matter of history, it is still very fresh in the minds of the countless residents and businesses located along the River Stour and other areas of Warwickshire who were so badly affected.

Stratford District Council have made available funds from a government grant to assist, in part, property owners with the purchase and installation of flood defence equipment.

The difficulty is that many of owners are unaware of the solutions that exist which is why Shipston Town Management Partnership, on behalf of Shipston Town Council, are organising an exhibition to take place at Shipston High School, Darlingscote Road, Shipston-on-Stour on Saturday 6th February 2010 from 10:00 am to 4:00 pm.

The exhibition has attracted companies from throughout the UK which manufacture and distribute a range of equipment and solutions for the prevention of damage to property caused by flooding who will give advice on flood prevention and property protection.

Admittance to the exhibition will be free of charge.
